When business requires travel to Los Angeles, company officials fly in and take their stored corporate auto. We can deliver and pick up from any airport or hotel of your choice. When business is completed, the corporate auto is then returned to storage until the corporate client's next visit to Los Angeles. AUTO-VAULT provides relief from the hassles of rental car agencies and driving unfamiliar cars.

PERSONAL ENJOYMENT

If you live elsewhere in the world but work and/or play in Los Angeles, you understand the necessity of having an automobile to move around this vast metropolis. As an AUTO-VAULT client, you can keep your Los Angeles cars stored securely with us at our centrally located facility and drive them when you are in town. When you leave Los Angeles, we'll put your auto back into storage until your next visit. Valeting autos to hotels, detailing, fuel fill-ups and mechanical repairs are some of the services available to enhance the "L.A. Car Experience."

ENTERTAINMENT INDUSTRY

Los Angeles is the world capital of the music and film industries. Many celebrities and entertainment executives use AUTO-VAULT for their automotive needs because they can count on the high level of professionalism they have become accustomed to in their careers.
